Robert Tallon \_\_\_\_\_ Phone Number: 609-298-3900 ext 4050  
Name

The following pesticides will be used at Northern Burlington County Regional High School

Pesticide Common Name NONE	Pesticide Trade Name Dimension® Ultra WSP Herbicide	EPA Registration Number No. 62719-445
Pesticide Common Name NONE	Pesticide Trade Name: Surge® Broadleaf Herbicide for Turf	EPA Registration Number 2217- 867

**The Office of Pesticide Programs of the United States Environmental Protection Agency has stated: "Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure."**

**Location of the pesticide application: Dimension® and Surge®--** High School: All athletic fields, lawns and building courtyards in a water solution. Middle School: No application

**Reason for the pesticide application:** Normal, annual turf management program of the grounds department to be applied by commercial applicators under contract to the school district.

**In the case of an outdoor application, 3 dates must be listed, in chronological order, on which the outdoor application may take place if the preceding date is canceled.**

DATE: Saturday, April 21, 2007    DATE: Saturday, April 28, 2007    or DATE: Saturday, May 5, 2007

**Description of the possible adverse effects of the pesticides as per the Material Safety Data Sheets for the pesticides to be used, if available:** *Dimension* Eye or skin contact—possible irritation. *Surge* Moderately irritating to the skin, may be absorbed through the skin. Causes burning sensation and coughing if inhaled. May irritate the gastrointestinal tract if ingested. Causes irreversible eye damage

**Pesticide(s) product-label instructions and precautions related to Public Safety:** *Dimension* keep spectators away. Avoid breathing dust. *Surge* The product is toxic to aquatic invertebrates. Do not apply directly to water. People and pets may enter treated areas after spray has dried.
